

at 3:20 pm today...

EDDIE MILLER
changed
the world.

That's when Eddie decided to check out Operation Day's Work. We are the student-run organization that puts American students in touch with young people throughout the world. Our job in ODW is to learn about the world around us and take action to improve it. Thousands of us are already participating, and we know what Eddie knows: together we can make a real difference. You and your school can become a part of our growing organization. Check out our web site and find out how.
